road, Bang-62

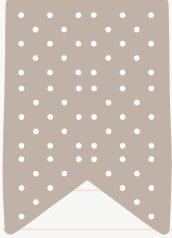

## ABOUT US

ASU Pvt. Ltd is a leading manufacturer of LED Screens and has been instrumental in transforming a variety of businesses and spaces. Our LED Screen Solutions adorn some of India's most prominent Marketing, Public Spaces and Office Spaces.

Our engineers and visualizers bring their forth their creative brilliance in adding world-class experiences with epic design and content. Having mastered the art of innovative LED manufacturing, fabrication and customization, the organization has emerged as a trusted real estate enhancement & beautification vendor as well as an advertising partner for choice for business leaders.

Our LED Screens are currently in use in a wide variety of applications such as Billboard signage, Exhibitions, Tradeshows, Restaurants & Bars, Entertainment Zones, Sports Arenas, Clubs and Office Lounges to name a few.

We have also been identified as the most cost-effective and transparent partner for organizing events and adoption by government institutions.

# OUR VISSION & OUR MISSION

## MISSION

It is our mission to become the world's best source for LED products and creative talent solutions across the market, with no-compromise in quality, competitive pricing and time-reliable delivery.

## VISSION

Our Vision is to transform landscapes visually across a wide spectrum of real-estate scenarios with the world's best creative talent to help our clients succeed.

Our LED Screens Give You the  
Power to Transform Customer  
Engagement.

Find a Complete Range of LED  
Screens to Spruce Up Your Brand,  
Location or Event.

# INDOOR

**Indoor LED display solutions are meant for those applications where** image quality really matters. Catch the eye of your visitors with deeper colors and higher brightness with our easy-to-install, long-lasting indoor LED displays. Indoor LED display solutions are perfect for a wide range of applications like retail, advertising, museums, weddings, events, airports, schools, restaurants, etc. You can even use them in storefront windows without the fear of washout. These low-cost, high-resolution indoor LED display screens come in a variety of sizes and are fully customizable.

# OUTDOOR

**Outdoor LED display solutions are industry-renowned for their unbeatable reliability.** These large format outdoor LED screens offer a deep contrast to make the images sharper and the colors pop. A remarkably high brightness level ensures pixel-perfect pictures at all times – even in direct sunlight – throughout the lifecycle of the product. It gives you the flexibility of custom screen sizes, along with front and rear service options, with its certified waterproof outdoor LED display screen solutions. All products undergo strict quality control and tests to ensure complete safety from not only water and dust, but also temperature variations and UV rays.

We are in the Business of Creating  
Immersive & Exceptional Experiences  
Win over your customer's attention with  
contextual visualization and story.
